

## **Gallatin County DUI Task Force Strategic Plan – 2014-2016**

**Mission:** The mission of the Gallatin County DUI Task Force is to prevent and reduce the percentage of alcohol-related traffic crashes and fatalities in Gallatin County.

**2013 Vision:** The vision for the Gallatin County DUI Task Force is to be the “face of DUI prevention” by providing education, funding, networking opportunities, enforcement, and public advocacy in Gallatin County. To accomplish that, the DUI Task Force will:

- 1) Engage in effective education and enforcement advocacy and policy debate to facilitate changes to support and promote pro-active traffic enforcement and a reduction in DUI-related crashes.
- 2) Develop partnerships with public health organizations to facilitate making highway safety a top public health priority.
- 3) Proactively educate a variety of stakeholders on the risk of driving under the influence of alcohol and other drugs through a series of targeted messages and campaigns.
- 4) Develop and/or enhance its collaborative network and strategic partnerships.
- 5) Provide statistical data about DUI in Gallatin County as required by MCA 61-2-106.
- 6) Provide a formalized CEASE Award process that includes mechanisms to solicit applications, award funds using contracts for services in accordance with county purchasing policies and procedures, and evaluate outcomes achieved by the awardee.
- 7) Have an active and engaged DUI Task Force board that guides the DUI Task Force in meeting its mission based on nonprofit best practices for board governance.
- 8) Have a well-trained and competitively compensated (up to ¾ time) Coordinator charged with coordinating DUI Task Force member efforts in carrying out the strategic plan and documenting the results.

### **Goal #1 – Advocacy**

In three years, the DUI Task Force will have demonstrably engaged in effective education and enforcement advocacy and policy debate to facilitate changes to support and promote pro-active traffic enforcement and a reduction in DUI-related crashes.

Specific goals include:
